Company facts come from the business licence. Confirm the manufacturing site, available documents and order-specific services for your selected product.

Check company details

Make the decision clearer.

Our aim is to help you choose a suitable specification, understand the full quotation and resolve questions that can delay an order.

01

Compare on the same basis

Match specification, quantity and delivery basis. Identify included, excluded and unconfirmed costs.

02

Check the evidence

Agree available photos, samples, documents and any checks, including scope, cost and responsibility.

03

Keep the agreement clear

Record the specification, packing, payment, delivery and issue-handling arrangements before ordering.

Read the buying guide

Start with your pouch.

Choose the format, then define the contents, closure and construction.

Product visualization

01 / PRODUCT FAMILY

Stand-up pouches

A bottom-gusset pouch that stands on its base. A starting point for a retail packaging brief.

Size & fill: width, height, bottom gusset and intended fill weight.

Closure: open top, resealable zipper or another requirement.

Presentation: artwork, finish and window preferences.

The right details make a useful brief.

Use these product-specific inputs to start your enquiry. If you already have a specification sheet, drawing or sample photo, share it with us.

FORMAT	DETAILS TO INCLUDE	QUANTITY
Stand-up pouch	Size, bottom gusset, fill weight, closure and presentation.	Pieces
Flat pouch	Size, seal layout, opening, contents and material requirements.	Pieces
Rollstock film	Machine, film width, thickness, core, winding and print repeat.	kg / rolls
PE bag	Style, size, thickness, intended load, closure and printing.	Pieces

Start with the application.

Retail presentation

Pack size, appearance, opening and how the customer uses it.

Automated packing

Machine model, sealing process and roll compatibility.

Protective packaging

Contents, handling conditions and required bag format.

Compare the details. Then decide.

Send the product, quantity and destination. If some details are undecided, tell us the application and the questions you need help clarifying.

YOUR PACKAGING BRIEF

Format, contents, dimensions, material, closure and printing; quantity, destination and target schedule.

Agree these points before ordering.

Cost basis	Unit and total price, currency, packing, freight, delivery basis and excluded costs.
Evidence	Available photos and documents; requested samples or checks, their scope, cost and responsibility.
Written terms	Final specification, quantity, payment, timing and issue-handling arrangements.

Buying & order checklist

A question about an order?

Send the order reference, affected quantity and clear photos, and tell us the outcome you need. Discuss the evidence and next steps against the agreed order terms.

An enquiry starts a discussion. It does not place an order.

Product images are AI-generated visualizations. Confirm actual construction and suitability for the proposed item.
