Check company details

Make the decision clearer.

Our aim is to help you choose a suitable specification, understand the full quotation and resolve questions that can delay an order.

01

Compare on the same basis

Match specification, quantity and delivery basis. Identify included, excluded and unconfirmed costs.

02

Check the evidence

Agree available photos, samples, documents and any checks, including scope, cost and responsibility.

03

Keep the agreement clear

Record the specification, packing, payment, delivery and issue-handling arrangements before ordering.

Buying & order checklist

A question about an order?

Send the order reference, affected quantity and clear photos, and tell us the outcome you need. Discuss the evidence and next steps against the agreed order terms.

An enquiry starts a discussion. It does not place an order.
